

I am writing you in support of K-Love, 105.5 FM Brockport/Rochester. I am a mother of two small children.

The overwhelming majority of the stations on the radio do not play music or discuss topics of which I wish my kids to listen to. K-Love is the exception. My kids love to sing (as best as they can at 18 months and 3 yrs.) their songs and dance to the music. The station is uplifting and conveys messages with good morals. I honestly don't know that we'd listen to radio at all if it wasn't for K-love. Please keep them on the air in our area and do whatever you can to help them improve their signals.

Sincerely,  
Sarah True
